

## **PCCNA Prayer Commission**

### **Resolution on Prayer Gatherings and Collaborative Training**

Whereas, we know prayer to be the touchpoint, the wellspring of every awakening; and,

Whereas, there is a great need to renew a passion for prayer among pastors and laypeople; and,

Whereas, there is also a significant lack of prayer training for congregations at the grassroots level as well as ongoing encouragement and coaching; and,

Whereas, the congregational prayer meeting is declining and the family altar is fading, without seeking remedy or realizing their critical importance;

We, the PCCNA Prayer Commission resolve, with affirmation from the PCCNA Leadership,

1. To offer Pastoral Prayer Encounter experiences within and across denominational lines, at the invitation of state/district leaders, to gather pastors to cry out to God for revival and awakening; and,
2. To offer Prayer Training/Equipping Conferences jointly sponsored by at least three state/district offices to encourage pastors and laypeople and to equip prayer leaders and intercessors; and,
3. To champion revival and great-awakening prayer efforts throughout our movements.
