

PCCNA Prayer Commission
Resolution on Prayer for the Unreached

Whereas, nearly 2000 years have passed since the Great Commission was given to the disciples;
and,

Whereas, missiologists now suggest that, by our unified efforts, collaboration, and synergy, we
could arguably complete the Great Commission by 2030; and,

Whereas, we know that the journey toward this goal began with a prayer meeting that
culminated with empowering of the Church on the Day of Pentecost; that Christ
commanded such prayer, subordinating the mission to the coming of the Spirit;

We therefore propose:

1. That an annual day of prayer be designated and observed in PCCNA churches that will focus on the unreached, specifically Unreached People Groups (UPGs), and,
2. That we urge pastors and laypeople to adopt and intercede for UPGs, realizing that the first penetration through the closed door is by prayer, and,
3. That we regularly promote consistent prayer among and by our churches for those who have never heard the Gospel, and,
4. That we synergize with such groups as the Joshua Project, the Billion Souls effort, and other initiatives that move us forward together and separately toward a common goal of praying for the unreached, and,
5. That the PCCNA Prayer Commission be charged to provide basic prayer resource materials that can be restyled and branded by each member of the movement for prayer mobilization.

Presented by the PCCNA Prayer Commission, February 22, 2017
